

Information for tailor-made packaging

Size of the packet: 60.96 x 185 mm

Flat: 60.96 x 185 mm

Folded: 60.96 x 92.5 mm

Specifications

- 1) Include a 3 x 7mm black block for electronic eye.
- 2) Leave 9mm wide blank space next to block for electronic eye.
- 3) Leave two blank strips at least 2mm wide on both sides - absolutely free of any printing
- 4) **H553** must be placed as a filling code. Letter **H** means year of production of the packets and 553 is the company code.
- 5) It is advised that the front design runs 2mm onto the back to prevent any white showing when the packets are folded.
- 6) Design to be supplied as a Certified print ready PDF. All open files to be in InDesign, Quark or Illustrator including all required typefaces and images/illustrations used.
